Before you invest in any fund, you should consider how it would work with your other investments and your tolerance for risk.

A WORD ABOUT TAX

In general, you pay income tax on your share of the Fund's taxable earnings distributed to you and on any gains you realize from redeeming your investment. The amount of tax depends on the tax rules and rates that apply to you, and whether you hold the Fund in a registered plan, such as a Registered Retirement Savings Plan or Tax-Free Savings Account (TFSA).

If you hold the Fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested. We send a tax slip or statement that shows your share of the Fund's earnings distributed; however, you must calculate your gains on redemption.
